## Davis Vision

### Finding a Vision Provider:

To find a participating vision provider in your area, visit [davisvision.com/members](http://davisvision.com/members). If you're not already a Davis Vision member, enter 7844 for the client code to ensure you're searching the correct network of providers.

The vision plan offers coverage both in-network and out-of-network. It is to your advantage to utilize a network provider in order to achieve the greatest cost savings. If you go out-of-network, your benefit is based on a reimbursement schedule. Also, if you are considering Lasik surgery or other non-covered benefits, there are discounts available with some providers.
