

Important update to the myCigna provider search tool

VNA employees who are enrolled in a Cigna medical plan through VNA can visit an RWJBarnabas Health physician with **no copay***.

** The deductible must be met first in the HDHP.*

The RWJ partnership is now visible on the myCigna provider search tool! When searching for a participating provider, you will now see the indication “RWJ PARTNERSHIP” with a green check mark.

When you click on a provider, click on the Costs tab, and search for an office visit, you will see your out-of-pocket cost for the visit. Any additional services performed at the office visit may be subject to the applicable plan coverage levels (deductible, coinsurance, etc.).
